PAPER 1

UPPER LIMB

LAQs

1.Write about **MAMMARY GLANDS** under the following headings:*****

a) Extent b) Relations c) structure

d) Blood supply e) lymphatic drainage** f) Applied aspects**

JOHARI MBBS
MBBS जोहरी JOHARI MBBS

2. Describe **BRACHIAL PLEXUS** under following headings :*****

a) Formation b) Relations (relations with axillary artery is imp)

c) Branches*** d) Applied anatomy

3. Describe **SHOULDER JOINT** under the following headings. [1+2+4+2+4+2]

a)Type b) Articular Surfaces (c) ligaments

d) Relations e) Movements and muscles producing them***

f) Clinicalanatomy{-dislocation of shoulder joint***,Dawnbarns sign, frozen shoulder, subacromial bursitis}

4. a)Describe about Axillary artery and name it's Branches.

b) Write about Axillary Lymph nodes.

c) Anastomosis around scapula*****. [5+5+5]

5. Describe **Ulnar Nerve******** under following headings

a)Origin, Course and termination b)Relations

c)Branches and Distribution d)Applied Anatomy****

6. Describe **Radial Nerve** Under the following headings**

a) Origin, course, termination b) Relations

c) Branches and distribution) d) Applied anatomy. ****

[Write About Radial Nerve in the Spiral groove*** and its injury] [3+4+5+3]

JOHARI MBBS
MBBS मतलब JOHARI MBBS

7. Describe Median Nerve Under the following headings. [3+4+5+3]

a) Origin, course, termination b) Relations

c) Branches and distribution d) Applied anatomy. ****

SAQs

1. Write about CLAVIPECTORAL FASCIA** and structures piercing it.

2. OINA of Pectoralis Major & Pectoralis Minor.

3. OINA of SERRATUS ANTERIOR***+ Winging of Scapula

4. DELTOID MUSCLE under following headings :**

a) Origin b) Insertion c) Nerve Supply

d) Action e) clinical correlation (1+1+1+1+1)

5. Describe ROTATOR CUFF****** with a neat labelled diagram.

6. Describe the below mentioned intermuscular spaces***[write about boundaries and contents of each]

a) Quadrangular Space b) Upper Triangular Space c) Lower Triangular Space

7. Describe Origin, Root value, course, branches and Clinical correlation of AXILLARY NERVE. **(1+1+1+1+1)

JOHARI MBBS
MBBS ಕನ್ನಡದಲ್ಲಿ @ JOHARI MBBS

8. Describe the anatomy of Median Cubital vein, Basilic Vein, Cephalic vein along with their Clinical correlation*******.(clinical correlation is most important)

9. Describe the O,I,N,A of Biceps Brachii.

10. Write Short notes on (5+5+5+5)

a) Musculo cutaneous Nerve***.

b) Brachial artery.

[in clinical correlation study brachial pulse and volkmann ischemic contracture*****].

c)Anastomosis around elbow joint*****.

d) profunda Brachii artery***.

11.Describe the Boundaries and Contents of CUBITAL FOSSA and Write its Clinical Significance.******

12.Describe O,I,N,A of Triceps Brachii.

13 .Write in detail about Flexor Retinaculum******* of Hand

(Describe definition, Attachments,Relations Structures passing Superficial and Deep)

14.Describe briefly about Palmar Aponeurosis****and its Clinical significance (Dupuytren's contracture)

JOHARI MBBS
MBBS मतलब JOHARI MBBS

15. Write about CARPAL TUNNEL SYNDROME. ****

16. O, I, N, A of pronator teres.

17. O, I, N, A of Brachioradialis.

18. Write about muscle involving Supination and pronation *** (vs pg.no:129&130)

19. Write about boundaries, content, and structures passing through the roof of ANATOMICAL SNUFF BOX**** +clinical Importance

20. Describe the arteries of Hand. ***

a) Superficial Palmar Arch b) Deep Palmar Arch

21. Fascial Spaces of hand (boundaries forming for each)

a) Mid palmar space b) Thenar space c) Space of Parona

22. Enumerate lumbricals and interossei muscles of hand***

23.Movements of SCAPULA.

24. Posterior interosseous nerve.

JOHARI MBBS
MBBS मतलब JOHARI MBBS

25. O, I, N, A of (5 marks)

a)adductor pollicis muscle.

b)Pectoralis major***

c)Biceps brachii and triceps***

d)Pronator teres**

e)Brachioradialis***

f)Supinator***

26. Anatomical basis of CLAW hand deformity***. (5 MARKS)

27. Pulp space of fingers. And what is whitlow? (3+2)

28. Write about Thenar muscles. (5 marks).

VSAQs

1. Triangle of Auscultation. ***
2. Write about ligaments of Struthers.
3. Suicidal cuts of wrists.
4. Add a short note on Scaphoid Fracture.

HEAD AND NECK

LAQs

1.Describe the boundaries, contents and applied anatomy of :**(saq)

a) CAROTID TRIANGLE

b) DIGASTRIC TRIANGLE

c) SUBOCCIPITAL TRIANGLE. [5+5+5]

2. Describe **PAROTID GLAND**** under the following headings :

a) External features

b) Location & extent

c) Parotid Capsule, parotid duct(stenson's duct) , parotid bed

d) Relations

e) Contents (structures present and passing through it)

f) Nerve supply and pathway

g) Applied anatomy

JOHARI MBBS
MBBS मतलब JOHARI MBBS

3. Describe **THYROID GLAND****** under the following headings :

a) Location & extent b) capsule c) Relations

d) Blood supply e) Histology *** f) Development***

g) Applied aspects*****(can be asked as clinical Q's)[3+3+3+5+5+5+4]

4. Describe **TONGUE** under the following headings :*****

a) External features b) Dorsal surface and Ventral Surface

c) Papillae of tongue d) Muscles(extrinsic & intrinsic) & their actions

e) Nerve Supply****** f) lymphatic drainage******

g) Applied anatomy

JOHARI MBBS
MBBS मतलब JOHARI MBBS

5. Describe Oculomotor Nerve under following headings (saq)

a)Location b)course c)Distribution d)Applied Anatomy

6. Describe Facial Nerve under following headings

a)Location b)course c)Distribution d)Applied Anatomy

7. Describe PALATINE TONSIL under the following headings

a) Location and External features b) Relations

c) Blood supply d) Applied anatomy [3+4+5+3]

MBBS मतलब JOHARI MBBS

8. Describe in detail about **LATERAL WALL and MEDIAL WALL of NASAL CAVITY**. (formed by, features, arterial supply, nerve supply) *******

9.Describe the **EXTRAOCULAR MUSCLES** under the following headings :***

a) Origin b) Insertion c) Nerve supply*****

d) Actions****** e) Applied anatomy

10. Describe the **CAVERNOUS SINUS** under following headings:******

a)Formation and Location b)Relations c)Contents
d)Tributaries and Communications e)Applied Anatomy

11. a) Enumerate intrinsic muscles of LARYNX***

b) Describe O, I, N, A of (i)CRICOTHYROID MUSCLE*** (ii)Posterior cricoarytenoid muscle[4+6]

JOHARI MBBS
MBBS मतलब JOHARI MBBS

12. Describe **SCALP** under the following headings :********[2+4+3+3+3]

a) Definition and extent b) layers

c) Blood supply d) Nerve supply e) Applied aspects

13.DESCRIBE **POSTERIOR TRIANGLE** under following headings :*****[2+1+1+7+1+3]

a) Boundaries b) Roof c) Floor

d) contents e) divisions f) clinical correlation

SAQs

1.Anatomical Basis of Bell's Palsy*****

2. Course and Branches of FACIAL ARTERY. ***

3.Venous drainage of Face:*****

a) Facial Vein.

b) Retromandibular vein.

c) Anatomical Basis of dangerous area of the face****.

4. Write about Lacrimal Apparatus*** with a labelled diagram along with the pathways of the lacrimal gland .

5.Add a note on EXTERNAL JUGULAR VEIN ***.

6.Write a short note on DEEP CERVICAL FASCIA.

7.write a short note on CAROTID ARTERY. (Common, External*****-, Internal)

8.Add a note on a) Mylohyoid b) Hyoglossus

9. Describe Submandibular ganglion(location, Relations, roots, branches).

10. Boundaries, communications and contents of Infra temporal fossa.

11. Describe OTIC ganglion.

12.O,I,N,A & Relations of MUSCLES OF MASTICATION. *****

a) lateral pterygoid.***** b) Medial pterygoid***** c) Masseter d) Temporalis

JOHARI MBBS
MBBS जोहरी JOHARI MBBS

13. Enumerate Boundaries, Communications, Contents of PTERYGOPALATINE FOSSA.

14. Describe the location, Relations, Roots and Branches of PTERYGOPALATINE GANGLION***.

15. Anatomical Basis of Horner's syndrome.***

16. Describe NASOPHARYNX***.

17.Describe pharyngeal wall & Waldeyer's ring*****.

18.Add a note on PIRIFORM FOSSA****.

19.Muscles of pharynx & zenkers diverticulum*****.

20. Write short note on Muscles of SOFT PALATE

21. Add a note on MECHANISM OF PHONATION.

22.Describe styloid apparatus***

JOHARI MBBS
MBBS मतलब JOHARI MBBS

23. a) Anatomical classification of Paranasal air sinus.

b) Describe MAXILLARY AIR SINUS in detail including its importance.[1+4]

24. Describe the anatomy of MIDDLE EAR. *****

25. Add a note on CILIARY GANGLION. (a)location (b) roots (c) branches

26. Write short notes on Opthalmic Artery and its branches.

27. (a)Enumerate various dural folds.

(b)Describe in detail about Falx Cerebri And

(c) tentorium Cerebelli (3+5+5)

28.Write the structures passing through Superior Orbital Foramen.***(5M)

29. Sternocleidomastoid muscle under the following headings :***

a) O, I, N, A b) Relations c) torticollis

[4+3+3]

VSAQs

1. What is pterion?Its clinical importance?(3M)

2. Write about the fracture of Mandible(3M).

3.Type and Articular Surfaces of Atlanto-axial Joint?(3M).

4.Enumerate Branches of Mandibular Nerve(3M).

5. Pharyngeal plexus of nerves. (3 marks)

6. Enumerate the branches of the first part of SUBCLAVIAN ARTERY. (3 marks)

7.Enumerate the branches of External Carotid Artery **. (3 marks)

8. Anatomical basis of LITTLEs AREA***. (3 marks)

9.Write about the openings in the lateral wall of Nose****. (3 marks)

10.Mention the Structures passing through *****

(3+3+3+3)

a)Foramen Ovale******

b)Foramen Magnum****

c)Jugular Foramen****

JOHARI MBBS
MBBS मजाक JOHARI MBBS

d)Foramen Spinosum**

11.Supra sternal space of BURNS

12.Describe Carotid sheath***

13. Describe ANSA CERVICALIS***

NEUROANATOMY

LAQs

JOHARI MBBS
MBBS JOHARI MBBS

1. Describe and demonstrate the parts, boundaries of **4th Ventricle**********.
2. 1.Describe the various **commissural fibres**.***** (write in detail about Corpus Callosum)
3. Describe in detail about **INTERNAL CAPSULE**.***** (parts, fibres in different parts of internal capsule)
4. Describe the various Functional areas of **CEREBRAL CORTEX.****
5. CEREBELLUM under the following headings (3+5+5+2)
   a) structure of cerebellar cortex b) cerebellar nuclei***
   c) Cerebellar Peduncles***** d) cerebellar syndrome.

SAQs

1. Describe the differences between Sympathetic and Spinal GANGLIA. *

2.Describe the T.S of Medulla oblongata at the level of

a) pyramidal decussation

b) sensory decussation

3. Anatomical basis & effects of (a)Medial and (b) Lateral medullary syndrome.

4.TS of pons at upper and Lower level.

5.Anatomical Basis of syringomyelia.

6. Write about Floor of the 4th Ventricle.*****

7. a) TS of Medulla oblongata at the level of olives.

b) TS through the upper part of pons

c) TS through the lower part of pons.

8. Describe boundaries and recesses******* of the 3rd ventricle.

9.Write a short note on the insular cortex.

10. Write a short note on FORNIX.******

11.write about Spinal pia mater.

(write about modifications of pia mater in spinal cord)

12.INTERPEDUNCULAR FOSSA****.

13.SUBARACHNOID CISTERNS*****.

JOHARI MBBS
MBBS मतलब JOHARI MBBS

14.TS of midbrain at the level of [5+5] ***

a) Superior colliculi b) inferior colliculi

15.Circle of Willis with a labelled diagram*****.

16.Write about parts of lateral Ventricle.***** [5 marks]

17. Describe the characteristic features of Spinal segments at the levels (TS) of ***

a) cervical b) Thoracic c) lumbar

18. Describe 3rd Ventricle of the brain.

19. Add a note on External Capsule.

20. Add a note on corpora Quadrigemina. **

JOHARI MBBS
MBBS जौहरी JOHARI MBBS

GENERAL HISTOLOGY

1.Microscopic structure/Histology of

a) Hyaline Cartilage***** b) Elastic Cartilage

2. Histology of Bone (Compact bone)

3. Describe microscopic structure of*******

a) Elastic Artery(Large sized artery)

b) Muscular Artery (Medium sized artery)[Compare both of this]

4.Describe microscopic structure of

a) CARDIAC MUSCLE b) SKELETAL MUSCLE

5.Describe microscopic structure of

a)Thick skin b)Thin skin

6.Describe Microscopic structure of

a) Lymph node**** b) Thymus

7. Connective Tissue (Theory)

8. Loose Areolar Tissue

GENERAL EMBRYOLOGY

JOHARI MBBS
MBBS मतलब JOHARI MBBS

1.Spermatogenesis Ovulation(flowchart is enough)**

2.Fertilization (make flowchart) + barriers of fertilization****

3.Formation of Blastocyst.

4.Derivatives of Germ layers*****

(Remember 4-5from each layer)

5. Formation and fate of notochord*****

6.Derivatives of Paraxial, Intermediate, Lateral plate mesoderm. (remember 3-4 from each layer)

7.Stages of Implantation +normal site and abnormal sites of implantation.

(NORMAL SITE = upper part of posterior wall of uterine cavity***)

8. Describe Chorion. + Types of chorionic villi*****

9.Embryological basis of Monozygotic and dizygotic twins.*** (Twinning)

10.Write about Amnion + amniotic fluid amniocentesis. [2+2+1]

11.Short notes on Yolk sac and allantois. (3+3)

12.Write about development of Placenta and its functions.[3+2]****

Clinical-Hydatidiform mole

13.Umbilical cord (3)

14.Decidua (3)

15.Primitive Streak***

16.Somites (5)***

17.Neuralation And Derivatives Of Neural Crest Cells.*****

JOHARI MBBS
MBBS मतलब JOHARI MBBS

SYSTEMIC EMBRYOLOGY

Head & Neck Embryology

1.a) Define pharyngeal arches

b) What are the Components of pharyngeal arches?****

2. Derivatives of 1st pharyngeal arch. *****

3. Derivatives of 2nd pharyngeal arch. *****

4. Derivatives of 3rd & 4th pharyngeal arch. *

5. What are pharyngeal pouches? Derivatives of pharyngeal pouch

6.a) Write in detail about the development of the tongue.

b) Write about the correlation of nerve supply of tongue with its development

(c) Clinical applications of tongue development.

7. Describe briefly the development of thyroid gland and discuss it's histogenesis. [3+2]

8. Describe the Development of face*** and discuss associated common congenital anomalies.

9. a) Development of palate***b) Embryological basis of cleft palate and cleft lip.

JOHARI MBBS
MBBS मंदलब JOHARI MBBS

SYSTEMIC HISTOLOGY

Head & Neck And Neuroanatomy

Describe the microscopic structures of:

1. Thyroid gland

2. Parotid salivary gland

3. Submandibular salivary gland

4. Retina

5. Cornea

6. Pituitary

7. Tongue

8. Cerebrum

9. Cerebellum

10. Spinal Cord
